suit length(H)	92 36	92.5 36.5	93.5 37	94.5 38.5	95.5 40
height(cm)	150-155 59-61	155-160 61-63	160-165 63-65	165-170 63-67	170-175 63-69
weight(kg)	45 88	50 110	60 132	70 154	80 176

Please note: Our suits are made in centimeters and we display inches for convenience. Choose the size closest to your own actual measurements. If in doubt buy slightly tighter and smaller than you would for normal clothing as it is meant to fit close to the body. Your girth is more important than your height so A), B), and C) are the most important in selecting the correct fit
