height(cm)	155-160 61-63	160-165 63-65	165-170 65-67	170-175 67-69	175-180 69-71	180-185 71-73	185-190 73-75
weight(kg)	50 110	60 132	65-70 143-154	75-85 165-187	85-90 187-198	100 220	110 243

Please note: Our suits are made in centimeters and we display inches for

convenience. Choose the size closest to your own actual measurements.

If in doubt buy slightly tighter and smaller than you would for normal

clothing as it is meant to fit close to the body. Your girth is more important

than your height so A), B), and C) are the most important in selecting the

correct fit
